Dear Secretary of State,

Major Road Network funding – Gallows Corner

Further to my letter of 5 December, copy enclosed, I am writing again following recent confirmation from Transport for London that they have now submitted the Full Business Case for the above scheme.

As you will appreciate from my earlier submission and previous interactions with the Department, I am a strong supporter of this project that will deliver a vital refurbishment and strengthening of the Gallows Corner Flyover in Romford, London, within my constituency. TfL have assessed all options for its renewal and, without these works, this critical junction could be forced to close.

I understand TfL has a contractor ready to progress the works in 2025, commencing from the end of February, subject to the approval of the business case. Given this, I would urge you to give final approval as soon as possible so that these vital works can commence.

With best wishes,

A handwritten signature in black ink that reads "Julia Lopez".
